EXPERIENCE

FRONTEND DEVELOPER

eLocal

02/2024 - present
PA, USA (Remote)

Created and optimized multiple marketing websites, enhancing performance and functionality. Actively contributed to the development of microservices, supporting the transition from a legacy SaaS platform.

{ React, NextJS, TypeScript, HTML, CSS, Vitest, AWS, WordPress }

- ❖ Refactored server-side logic across multiple React components into modular, reusable custom hooks
- ❖ Migrated projects to TypeScript, significantly improving developer experience and reducing bugs
- ❖ Engineered a secure, customizable multi-step form as a third-party script, enabling seamless integration
- ❖ Developed NextJS SPA with dynamic SEO, achieving perfect mobile web vital scores on Lighthouse
- ❖ Improved page speed scores by 15-25% for a fleet of internal revenue-driving marketing websites
- ❖ Elevated accessibility and best practices scores for multiple websites from ~60-85% to 100%
- ❖ Conducted frequent A/B tests with the marketing team, improving user retention by up to 20%
- ❖ Developed and maintained automated unit tests using Vitest to reduce manual testing efforts
- ❖ Mentored intern on best practices for React and TypeScript, encouraging judgment-free questions

SOFTWARE DEVELOPER

Auvik Networks

01/2023 - 09/2023
Waterloo, Canada (Remote)

Collaborated as a frontend specialist within the account management team on a highly secure SaaS platform.

{ React, TypeScript, HTML, CSS, Jest, Storybook, GraphQL, Go, AWS, Docker, Kubernetes, Helm }

- ❖ Led project to refactor legacy payment form and enhance payment options with React, GraphQL, and Go
- ❖ Seamlessly integrated iframe despite strict constraints through strategic CSS and state management
- ❖ Commended by design team for my dedication to design details when developing UI components
- ❖ Created reusable hooks for API requests and common patterns with a focus on ease of use
- ❖ Wrote rigorous tests and Storybook stories, incorporating modular tools to simplify intricate testing logic
- ❖ Provided comprehensive feedback during code reviews and wrote descriptive details for pull requests
- ❖ Extensively documented work with highly readable code, JSDoc function descriptions, and e2e flow charts
- ❖ Persistently addressed tech debt, risks, and improvement opportunities during sprint grooming and retro

JAVASCRIPT CONSULTANT

11/2021 - 11/2022

Bitovi

Chicago, USA (Remote)

{ **React, NextJS, Redux, TypeScript, HTML, CSS, Jest, Storybook, GraphQL, NodeJS, Material UI, Chakra UI** }

Engaged as a versatile React developer and consultant, serving an array of diverse clients. Projects ranged from short-term individual assignments to substantial, collaborative endeavors within agile teams.

- ❖ Collaborated on the architectural planning and development of a project to refactor an existing web app into a modular white-label product with a shared and customizable component library
- ❖ Conducted rigorous testing and leveraged Storybook to showcase UI components and their various states
- ❖ Represented Bitovi during virtual events to deliver live presentations on trending technologies
- ❖ Contributed to Bitovi supported open source libraries like StackStorm and react-to-webcomponent
- ❖ Designed a senior-level take-home test and rubric for a client to assist their hiring process

FULL STACK DEVELOPER

04/2020 - 11/2021

Richmond Day

Toronto, Canada (Remote)

{ **jQuery, AJAX, JavaScript, HTML, CSS, Bootstrap, ASP.NET, C#, Entity Framework, SQL, WordPress, PHP** }

Collaborated closely with project managers and designers to plan, develop, and maintain websites for an extensive and distinguished clientele, including industry leaders such as MINI, BMW, and LG.

- ❖ Wrote frontend from scratch for a virtual retreat hosted by MINI, featuring interactive games and contests
- ❖ Developed scalable, database-first applications primarily using ASP.NET, SQL, and jQuery
- ❖ Crafted interactive web components using JavaScript and customized open-source libraries
- ❖ Implemented pixel-perfect, responsive designs from PSD mockups provided by designers

FREELANCE WEB DEVELOPER

11/2019 - 04/2020

Self Employed

Toronto, Canada (Remote)

{ **jQuery, JavaScript, HTML, CSS, Bootstrap, WordPress, PHP, Figma, Photoshop, Illustrator** }

Cultivated client relationships, gathered project requirements, and delivered full websites from scratch.

- ❖ Implemented mailing services, eCommerce, scheduling tools, custom designs, and exceptional SEO
